23. Problem: (use additional Sheets if necessary) Distribution has a requirement to use the pen light installed w/ g0acs02 (1828) and with the 8mm stackers connected to g0dis02(1875). The current location(Room #N143) of g0acs02 is not accessible after hours for use by the shift distribution personnel.						
24. Proposed Solution: (use additional sheets if necessary) Relocate g0acs02 to the area where the 8mm stacers are situated. This makes the workstation and the required pen light available at all times for distribution purposes.

26. Consequences if Change(s) are not approved: (use additional sheets if necessary) Pen light can only be accessed during normal office hours (8 hrs/ 5 business days per week)
